RE: Native American Religious Land

I have reviewed the 60-day religious land suspension effective on February 26, 2026. Security measures have been added to allow reinstatement of religious land use. Effective today, NSP will resume the Native American religious land schedule in effect prior to the suspension period.

Be advised, only items and equipment necessary for use on religious land are allowed on the land. All items and equipment will be secured in a locked cabinet or container when not in use.

All questions pertaining to the use of religious lands can be addressed to the NSP religious coordinators.
